Hitachi Automotive Systems Espelkamp Presents Wide Range of Aftermarket Products at MIMS Automechanika Moscow 2019

Booth appearance

Espelkamp, August 26, 2019 --- Hitachi Automotive Systems Espelkamp GmbH, a group company of Hitachi Automotive Systems, Ltd. that engages in the manufacture and sale of automotive repair parts primarily for the European market, will display the Hitachi Automotive Systems Group's wide range of aftermarket products at MIMS Automechanika Moscow 2019 (MIMS 2019). MIMS 2019 will be held from August 26 to August 29 at the Expocentre in Moscow, Russia.

At the exhibition, Hitachi Automotive Systems Espelkamp will exhibit at booth 'FORUM, F677' and display products including the company's new control units for fuel pumps, primarily applicable for major European automakers' vehicles, which so far have rarely been available in the automotive aftermarket. The control units include functionality to regulate the power required for the fuel pump, and extend the company's extensive range of fuel feed units. The latest designs build on the company's decades of experience in the field of fuel supply systems.

Other products on display at Hitachi Automotive Systems Espelkamp's booth during the exhibition will include ignition coils, high pressure pumps and air flow sensors.
